

Arctic

ENTERPRISES, INC.

Environmental Consulting Services

Arctic Enterprises, Inc. (Arctic) is a New York State Certified minority & woman-owned business enterprise (MWBE) providing environmental consulting services throughout the region.

We value diversity in our workplace, as well as our work practices, offering a wide range of services. We pride ourselves on being able to adapt and serve each individual Client's needs, whether it's a local homeowner or a Client across the country.

Arctic's professional staff have a combined total of over twenty-five years of experience providing high-quality environmental consulting services. We consistently provide personnel with the appropriate level of experience to complete the job in a timely and cost-effective manner.

Arctic's personnel have a sound understanding of Federal, State and Local regulations. We maintain great working relationships with local professionals (Engineers, Certified Safety Professionals, and Certified Industrial Hygienists) in order to provide a more diverse range of services to meet our Client's project-specific needs.

Arctic's senior management team has a great reputation, having provided services for many top quality organizations, including: Constellation Energy-Nuclear Generating Stations, Carrier Corporation, Bristol-Myers Squibb, Shell Upstream Americas, Hydro Aluminum, Alcoa, and Bassett Health Care.

Each team member continues to meet the rigorous training / licensing requirements required to perform environmental consulting services at the State and Federal level.

This makes Arctic Enterprises an easy choice to handle your environmental needs.
